

Each folder has the sheet music, vocal reference from the cast album, and an instrumental track.

Sheet Music : Marked for intro, start and stop. Please MEMORIZE so that your hands are free and you can ACT during the vocal audition.

Vocal Reference : This is a tool to help you learn the notes and how to sing along with the instrumental. Feel free to make it your own, this is just a reference.

Instrumental Track : The same track will be used at the audition, you do not need to bring it, we will have it ready. These are not the tracks that will be used for the show, some are ok, some are really crappy. Just do your best.

Cast Album : Original Broadway Cast Album, another tool for reference
